

## Department of the Air Force, DoD

## § 806.15

have become, the subject of frequent or subsequent requests) must create a GILS record for each FOIA-processed (a)(2)(D) record and post it to DefenseLINK. The OPR prepares the GILS record. You can complete and submit a GILS record on-line using a web browser. Instructions for completing the GILS record, and an on-line form are at <http://www.defenselink.mil/locator/index.html>. Follow the steps listed on the web page. The GILS site on DefenseLINK will serve as the central index of Air Force FOIA-processed (a)(2)(D) records.

(d) In addition, installations will post a list, or index, of locally produced FOIA-processed (a)(2)(D) records on their web page at their FOIA site. Each listing will point or link to the particular record. In addition, MAJCOMs may choose to post their own index of MAJCOM specific FOIA-processed (a)(2)(D) records to their appropriate web site. Installation web pages will include the following phrase (or similar words) on their FOIA site if they do not have any frequently requested FOIA records: "There are no frequently requested FOIA records to post at this time." Include the following statement, or a similar one, on the installation web page with the records: "Some records are released to the public under the FOIA, and may therefore reflect deletion of some information in accordance with the FOIA's nine statutory exemptions. A consolidated list of such records is on DefenseLINK." Link the word "DefenseLINK" to [www.defenselink.mil/locator/fpr\\_index.html](http://www.defenselink.mil/locator/fpr_index.html). Qualifying releasable records with exempt information redacted must show on the record the amount of information withheld and the exemption reason (for example, (b)(6)). Activities with such records should provide the public an index and explanation of the FOIA exemptions. All installation FOIA pages will include a link to the Air Force page.

(e) FOIA web pages should be clearly accessed from the main installation page, either by a direct link to "FOIA" or "Freedom of Information Act" from the main page, or found under a logical heading such as "Library" or "Sites."

### § 806.13 5 U.S.C. 552(a)(2) materials.

The GILS records on DefenseLINK will serve as the index for 5 U.S.C. 552(a)(2)(D) materials.

### § 806.14 Other materials.

HQ AFCIC/ITC makes the appropriate FOIA-processed (a)(1) materials available for the Air Force.

### § 806.15 FOIA exemptions.

(a) *Exemption number 1.* When a requester seeks records that are classified, or should be classified, only an initial classification authority, or a declassification authority, can make final determinations with respect to classification issues. The fact that a record is marked with a security classification is not enough to support withholding the document; make sure it is "properly and currently classified." Review the record paragraph by paragraph for releasable information. Review declassified and unclassified parts before release to see if they are exempt by other exemptions. Before releasing a reviewed and declassified document, draw a single black line through all the classification markings so they are still legible and stamp the document unclassified. If the requested records are "properly and currently classified," and the Air Force withholds from release under FOIA exemption (b)(1), and the requester appeals the withholding, include a written statement from an initial classification authority or declassification authority certifying the data was properly classified originally and that it remains properly classified per Executive Order. Examples of initial classification and declassification authority statements are included in § 806.27. Guidance on document declassification reviews is in AFI 31-401, Managing the Information Security Program, and DoD 5200.1-R, Information Security Program, January 1997.

(b) *Exemption number 3.* HQ AFCIC/ITC will provide the current FOIA-processed (b)(3) statutes list to the MAJCOMs.

(c) *Exemption number 4.* The Air Force, in compliance with Executive Order 12600, will advise submitters of contractor-submitted records when a FOIA requester seeks the release of such records, regardless of any initial
